

# Multi Axis High Speed With High Accuracy Motion Controller

**FE** Fuji Electric

**VIZEN**  
SOLUTIONS  
Small step for mankind

- **Micrex -SX Multi axis motion controller**
- **Realizes High-Speed advanced machine control**
- **Open network oriented**
- **Realizes integrated programming support**
- **Integrated control, information and communication**
- **Rack type PLC**
- **Highest level of process controller in industry**
- **Extremely rich features for process control**
- **Can control up to 32 axis with single CPU**
